### DROMIDA

This quadcopter is ready-to-fly out of the box and all batteries are included

The KODO's camera shoots sharp, clear photos and videos, with 1280 x 960 jpegs and 780 x 480 avi files

Different flight modes let pilots of all skill levels get in on the fun, and a button on the transmitter allows for exciting flips on command

A sturdy frame and advanced stabilization make for worry-free flying both indoors and out

Includes assembled drone, camera, 2.4GHz radio, memory card, card reader, LiPo battery, USB charger, AAA batteries, extra blades, and blade guards

*Dromida Kodo Quadcopter not only shoots crisp, clear photos and videos, it features an advanced 3+3 stabilization system that keeps it level, right-side up and easy to fly at all times. There's an Auto-Flip button for pro-style flips and three flight modes that can help you progress from Easy to Normal and or go straight to Expert for maximum flying freedom. Indoors or out, it's an affordable choice for photos, videos and just plain fun.*
